4. Health and Wellness Triennial Assessment.

Because of covid-19, we were given a waiver on this until we are back under the National School Lunch program. We plan to restart our panel meetings in the fall of 2021-2022 School year, when we will be back on the National School Lunch Program. During this time, we will work on the assessment report due by June 30, 2022. Every year we send out the Health and Wellness policy to our parents and we have it posted on our web page under

https://www.stanwood.wednet.edu/departments/Food_Services/health_wellness

We also have some great information in our Food Service webpages for all interested parties.
