Learn more about ORCA by attending an info session in 2024!

High School Juniors and Seniors are eligible to earn two years of **free tuition** through Running Start funding.

ORCA is an exciting option for Running Start students to learn in a hands on, small group setting, where all students are still in high school.

Learn more about the innovative ORCA program at the **upcoming 2024** information sessions (in person) at the **Waterfront Center** at the Port of Everett:
Thursday, January 25 (6pm)
Thursday, February 29 (6pm)
Thursday, April 18 (6pm)

1205 Craftsman Way
Everett, WA 98201

Each incoming cohort at ORCA contributes data to our longitudinal study of the Possession Sound Estuary. This project (State of Possession Sound (SOPS)) forms the backbone of first year research conducted onboard our research vessel the **R/V Phocoena**. This work contributes to transferable skills using technological tools transferable to a wide variety of university majors.
